JIANDE ELEMENTARY SCHOOL

Objective: *"To build students' confidence in using descriptive English (colors, sizes, and food items) through hands-on creative projects and role-play.*

Time	Day 1 第一天 115.7.1 Wednesday	Day 2 第二天 115.7.2 Thursday
9:00-9:10	Arrival 報到	Arrival 報到
9:10-10:50	**Theme:** "The Solar System" (Planets & Orbits) • **The Story:** The classroom is now a NASA space station. Each student is responsible for creating a new planet for a far-away galaxy. • **The Activity Planet Creation.** Students choose colors based on their planet's environment (e.g., Blue for a water planet, Red for a fire planet).	**Theme:** "Little Chefs" (Food & Culture) • **The "Menu" Race -** Divide the class into teams. Call out a meal (e.g., "Breakfast!"). Teams must race to grab flashcards that belong in that meal. • **Market Roleplay -** Set up a "Shop." Students practice the dialogue: *"How much is this?"* using play money or points earned during the morning.
10:50-11:00	Break Time 休息一下	
11:00-12:00	• **The Game - Orbit Race.** Have students form a "Sun" in the middle. Other students must "orbit" (run around) the sun. When the teacher says "Gravity!", they must sit down as fast as possible. • **English Focus:** Names of planets and size adjectives. *"My planet is called 'Zorg'. It is very big and blue."*	• **Snack Time Bingo -** Use Bingo cards with food items. The "prize" for winning is getting first pick of the actual healthy snacks provided. • Awarding
12:00	Good bye 放學
